

SUNRAISE – SURE Summer School

URBAN + MOUNTAINS

7th – 14th of July 2019

Salzburg, Austria

The Summer School is organized under the Erasmus+ projects

Sustainable Natural Resource Use in Arctic and High Mountainous Areas

Organizer: University of Salzburg, Austria, in cooperation with SUNRAISE and the Society for Urban Ecology (SURE)

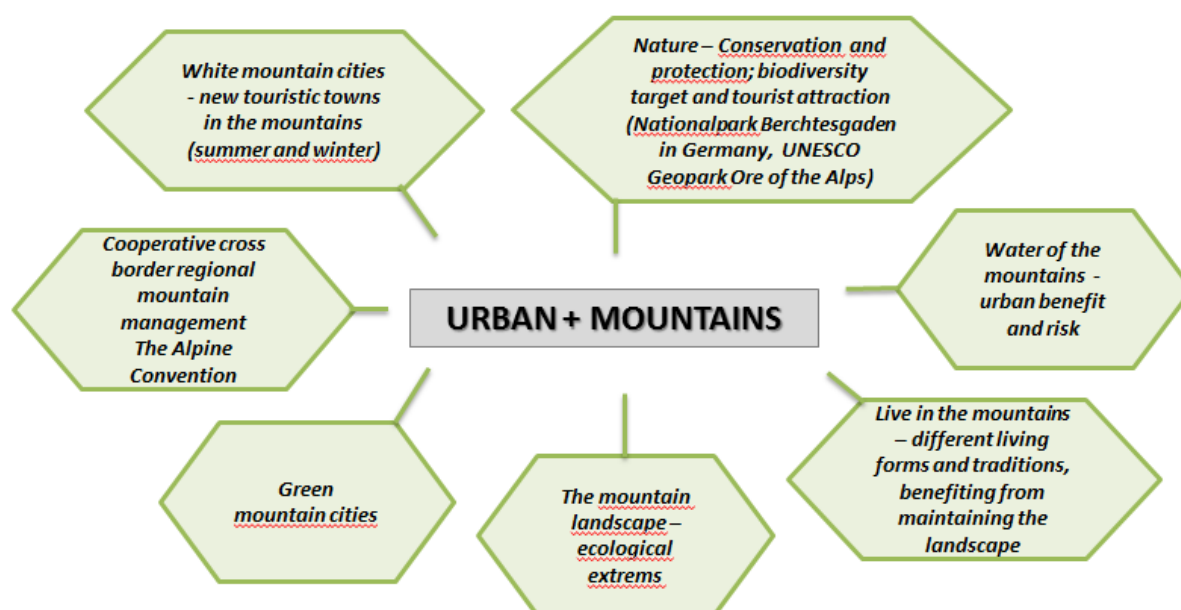

Partner: Ore of the Alps UNESCO Global Geopark and Nationalpark Berchtesgaden

(c) Jürgen Breuste

The summer school is organized by the University of Salzburg (Austria) and the Society for Urban Ecology (SURE) in cooperation with Austrian and international partners. It aims at exploring human and environmental challenges and finding solutions for these. The Alps, Europe's highest mountain system, serve as the perfect study area for this purpose. The school will include training on research methodology and group work on various research projects. The research part will be in connection of the Summer School from 15th till 21st of July.

SUNRAISE – SURE Summer School

URBAN + MOUNTAINS

15th – 21th of July 2019

In the first part of the summer school, from July 8 to July 14 we will offer a number of highly interactive lectures designed to familiarize participants with the study area. Subsequently, individual field work and supervised group research in and around the Salzburg region is scheduled for July 15 to July 21. The topics for this group research will be identified by the students with support of the lectures - we will prepare brief descriptions of the case studies beforehand to simplify the process. In the final part, we are looking forward to the participant's presentations of their findings.
