

UNESCO GLOBAL GEOPARKS

The UNESCO Global Geoparks Council,
has approved the revalidation of

Ore of the Alps

as a
UNESCO Global Geopark

UNESCO Global Geoparks explore, develop and celebrate the links between their geological heritage and all other aspects of their natural and cultural heritage. They reconnect human society with the history of our planet across 4,600 million years that have shaped every place on Earth and all life that has ever lived here.

PERIOD OF DESIGNATION*

1 January 2019 - 31 December 2022

DIRECTOR-GENERAL OF UNESCO

*In order to ensure the continuing quality of UNESCO Global Geoparks, the designation is subject to revalidation every four years.
